WRECKS AND EXPLOSIONS SWEEP RUHR TODAY

1 FRENCH SOLDIER KILLED, 3 OTHERS AND GERMANS HURT

BRIDGES ARE BOMBED AND ATTEMPTS MADE TO WRECK TRAINS IN VALLEY

FRENCH TROOP AND MERCHANTS TRAINS WRECKED BY TAMPERED SWITCHES

(By United Press)
Dusseldorf, March 16.—One French soldier was killed and three others and several German railroad workers injured as sabotage swept the Ruhr today. Bridges were bombed and attempts made to wreck trains in several parts of the occupied areas.

An explosion destroyed a bridge across the Stawarzach river.

Another occurred near the Weden station.

Wrecking of a French troop train and a merchandise train was caused by tampering with the switch in the Trier region.

Sabotage also was directed against telephone and telegraph lines.

Wants Investigation Continued, Says Carley

St. Paul, March 16.—Demand for a continuation of the investigation of state politics was made before the state senate today by Senator James A. Carley.

"I am not seeking immunity for anyone, but I want to get at the bottom of the corrupt practices of political parties and organizations," Senator Carley told the senate.

He intimated that "star chamber sessions" were being held by several members of the investigating committee.

"It is surprising that five of the seven members of the investigating committee are lawyers yet they do not seem to know how to proceed with the investigation and are reporting back to the senate for instructions," Senator Carley said.

He urged that the investigation proceed at once. Examination of books and records of campaign fund expenditures should be started immediately, he advised.

Senator Carley announced that he was averse to going on the stand and testifying, but informed his critics that he was a member of the investigating committee and in reality a member of the jury and not a witness.

A vote on whether to continue the investigation is expected late today.

OWATONNA COW SETS BUTTERFAT RECORD

Owatonna, Minn., March 16.—Ideal Johanna Agatha Pontiac, a pure bred Holstein cow owned by John Lyndard of this city, is declared to have set a new butterfat production record for Minnesota Holsteins with a seven day test of 37.5 pounds. Ideal "went off her feed" shortly after the test was begun, it is declared, preventing a high production mark.

ALLOWED TO ACCUMULATE IN CIDER AND UNFERMENTED FRUIT JUICES

(By United Press)
Washington, March 16.—A ruling will be rendered soon by Attorney General Daugherty fixing the amount of "kick" that may be allowed to accumulate in cider and unfermented fruit juices before the process of nature makes them in violation of the Volstead law. Prohibition Commissioner Haynes has informed Representative John P. Hill of Maryland. The decision, which will affect the cider of thousands of farmers throughout the country and the fruit juice mixtures of the city dwellers, has been delayed for several months.

PRETTY ARTIST'S MODEL FOUND DEAD

CHLORFORM BOTTLE ON FLOOR, BUREAU DRAWERS RANSACKED OF JEWELRY

(By United Press)
New York, March 16.—Police investigating the death of Miss Dorothy King, 27, a pretty artist's model, found dead in her 57th street apartment with a chloroform bottle on the floor, and a bureau drawer ransacked of jewelry, were working on a murder theory today.

Two men who attendants in the apartment said were seen with Miss King the night before the body was found, were sought for questioning. Another man has already been quizzed. Possibility of robbery being the motive was also probed. An autopsy was held today.

May Have Been Gang Victim

New York, March 16.—Dorothy King, beautiful artist's model, found dead from an overdose of chloroform may have been a victim of a gang of parasites similar to the band which robbed Mrs. Irene M. Schoelkopf of \$500,000 worth of jewels here, police investigations today disclosed.

A statement of Albert E. Guimares held here on a technical charge of possession of weapons, but in reality for questioning in connection with the case, showed that both he and the dead girl were acquainted with Frank Carmen and Mathew Biddulph, principals in the Schoelkopf affair.

Guimares was to be arraigned this afternoon while an autopsy failed to show whether the model committed suicide or was murdered. Her jewels are missing and are believed to have been taken by at least one bandit who has preyed upon several New York women in this way.

LIQUOR AGENTS RAID BATHS ON 'LADIES DAY'

Philadelphia, March 16.—"Ladies day" in a Turkish bathhouse was rudely interrupted by 19 prohibition agents here when the officers raided the establishment in search for moonshine.

A still in operation, and 40 gallons of moonshine whiskey were found and 50 women sent scampering for cover.

According to the agents, they were met at the door of the bathhouse by an attendant who told them the day was reserved for ladies only. Thinking, they said, that the attendant was trying to stall for time, they rushed the door. Shrieks and confusion followed.

NEGRO BANDIT SHOT AND KILLED

(By United Press)
Omaha, March 16.—A negro bandit believed to be George Kennedy, Pocahontas, Idaho, was shot and killed when he attempted to escape after robbing a storage mail car on Union Pacific train No. 6 at Summit, Nebraska, near here last night.

Kennedy was carrying \$200 worth of silks and other valuables when shot to death by Mail Clerk J. C. Kull.

Kennedy is believed to have boarded the train at Northplatte, thirty miles west. He entered the car which he locked from the inside. The train crew discovered the locked door as the train left Grand Island. They guarded the door carefully and saw Kennedy leap to the ground as the train stopped at Summit. John Dongan, Buffalo, New York, who said he was stealing a ride on the mail train, surrendered as the shooting started. Postal authorities do not believe he was implicated in the robbery.

W. Z. FOSTER, ALLEGED COMMUNIST, ON TRIAL

(By United Press)
St. Joseph, Mich., March 16.—The name of William Z. Foster, alleged communist on trial for violation of the Michigan syndicalist law, was on the list of delegates seized by authorities who raided the alleged red convention at Bridgeman, Michigan. Sheriff Bridgeman testified today.

The list was discovered among four automobile loads of propaganda, literature and official reports found in two barrels buried in the sand.

Foster is the first of 76 arrested following the raid to stand trial.

Identified as Delegate

St. Joseph, Mich., March 16.—William Z. Foster, Chicago, today was identified as one of the delegates to the alleged Bridgeman communist convention by Jake Spolanski, department of justice agent who lead the federal authorities in the raid on the meeting.

The witness stated he saw Foster, Earl Browder, C. E. Ruthenberg, Earl Lundgren, Joseph Zack and others whose names he could not recall when he visited Bridgeman a few days before the convention.

"Foster was there," Spolanski said nodding his head toward the labor leader who is on trial for violation of the Michigan syndicalist law.

WARNING SIGNED "MINUTE MEN" SAYS BOMBS FOR THE FREE STATERS

(By United Press)
New York, March 16.—Irish rebels today threatened to carry into the streets of New York their warfare against the free state government. Fifth avenue will be a battle ground on the occasion of St. Patrick's day parade tomorrow, according to threats to police headquarters. The parade is in control of the free staters.

The following anonymous letter was delivered to headquarters: "Police Commissioner Gogan's bomb squad did not discover all the Irish arms and ammunitions in his 24th street and Eighth avenue raid. Other equipment was transferred from Hoboken besides that found, and will be used on England's and Mayor Hylan's free state parade on St. Patrick's day and fill the police in New York can't save them."

This warning was signed "minute men".

A delegation of Irish called on Mayor Hylan and told him there was grave danger of trouble if he permitted the parade. He immediately issued instructions to the police to take necessary precautions.

SCORE INJURED IN SAVAGE AND MANY ARE REPORTED AS MISSING

(By United Press)
Memphis, Tenn., March 16.—The town of Savage, Mississippi, was leveled by a cyclone which struck during the night, according to refugees who reached Memphis today.

Nearly a score were injured and a number were reported missing.

When the cyclone struck the town, entire families were blown into the cold waters of the river and some lives may have been lost.

Late reports stated five persons had been killed at Savage and Pritchard.

AFRICAN JUNGLES SAFE SAYS PASTOR; DUSKY QUEEN HAS OWN CAR

Chicago, March 16.—An illusion was shattered here yesterday when the Rev. A. J. Bowen, secretary of the South African General Missions, told students at the Moody Bible Institute that travel in the jungles of Africa was as safe as that on Broadway.

"Nalolo, on the upper Zambesia, I found the biggest queen in the world. She weighed 350 pounds. Her home, a Kraal, had carpets on the floor and the queen, attired in a garment of pink silk, received me as she reclined on a settee, as modern as any to be found in Chicago. The queen apologized for not having any tea to serve. She had an automobile for her exclusive use."

AMERICAN PEOPLE PAID SLIGHTLY OVER \$400,000,000 IN INCOME TAXES MARCH 15TH, TREASURY OFFICIALS SAID TODAY

(By United Press)
Washington, March 16.—Preliminary reports from federal tax collectors indicate the American people paid slightly in excess of \$400,000,000 in income taxes yesterday, treasury officials said today. The total may reach \$420,000,000 which would be \$27,000,000 greater than the amount received on the same date last year.

Previous predictions of the treasury were that the payment would amount to \$400,000,000.

The tax returns made yesterday call for an annual payment of nearly \$1,500,000, it was estimated.

NO INDICTMENTS AT BASTROP, LA.

(By United Press)
Bastrop, La., March 16.—Bills of information against persons charged with complicity in the reign of terror here were considered by state officials today following failure of a grand jury to return indictments for the murder of Watt Daniel and Thomas Richards and other outlaws.

The grand jury report handed to Judge Fred Odom last night, declared it had investigated the murder and other crimes by hooded mobs and failed to find grounds for true bills. Attorney General Cocco and his aids had predicted that fifty or more indictments would be returned as a result of testimony gathered in the open hearing a month ago and new facts presented to the jurors.

WALLED UP VICTIMS FOUND NEAR PARIS

(By United Press)
Paris, March 16.—Thirty skeletons believed to be those of men, women and children walled up alive during the religious wars in the time of Henry IV, were discovered today by workmen who broke into two ancient subterranean chambers at Croll on the outskirts of Paris.

There were marks on the wall where the victims smothering to death in their living tomb had scratched with futile finger nails in efforts to escape. The very posture of the skeletons told mutely of the death agony of the prisoners.

The police are entirely mystified by the discovery and are certain the victims were walled up hundreds of years ago.

DEATH CAUSED BY SODIUM OF FLUORIDE

(By United Press)
Chicago, March 16.—Sodium of fluoride, one of the most deadly poisons known, caused the death of Anna Cummings, chemist announced today after an examination of her body. The woman died Thursday two hours after taking medicine with which the poison was mixed. Anna's sister Mary died two months ago in a similar manner after taking medicine from the same bottle.

Authorities are unable to determine whether the poison was mixed with the medicine through accident.

HARDING REGIME IS HELD RECORD MAKER

Washington, March 16.—Achievements of the first two years of the present administration "challenge the record to produce another two years of accomplishments which will approach it," Senator Simon D. DISTRICT SESSION HAS MEN FROM 3 COUNTIES PRESENT

RETAIL LUMBER TRADE UNDER DISCUSSION, PROSPECTS FOR BUSINESS

THIS EVENING 3 LOCAL LUMBER COMPANIES ARE HOSTS AT BANQUET

The district meeting of the Northwestern Lumbermen's Association is being held today at the Brainerd Civic & Commerce Association rooms.

This is an organization meeting, of what will be known as District No. 14 of this state, comprising Crow Wing, Cass and Wadena counties. Headquarters of the district will be maintained at Brainerd.

Representatives of all the retail lumber dealers in these counties are present and are all very enthusiastic about the new association, and the prospects for the coming season's business.

The first session began at two o'clock this afternoon, with William S. Badaux, secretary of the state association, presiding. Business connected with the organizing of the district was transacted, officers elected, etc.

This evening, the three local lumberyards, viz, The Mahlum Lumber Co., the Lakeside Lumber Co., and the Standard Lumber Co., will be hosts to the visitors at a banquet held at the Ransford hotel. In addition to a fine menu, a very interesting program has been provided, which will include an address by President H. P. Dunn of the Brainerd Civic & Commerce Association and several numbers by the American Legion quartette.

PROSPERITY WAVE DUE IN AMERICA

Washington, March 16.—Proof that the United States is in a period of increasing prosperity was furnished today as reports from the federal tax commission districts revealed that income tax receipts yesterday were substantially greater than those of 1921.

Preliminary figures from all districts collected by treasury department officials and the United Press, disclosed increased tax receipts throughout the United States.

From the basis of incomplete returns, treasury officials estimated that the income tax receipts this year would exceed \$1,500,000,000. Experts figure that this means a net income to the federal tax payers of approximately \$200,000,000.

The total receipts yesterday may exceed \$425,000,000, an increase of 10 per cent over the returns last year. Of the amount expected this year, individuals probably will pay in excess of \$700,000,000 and corporations somewhat more than \$600,000,000, with back tax payments estimated at \$300,000,000.

HOSPITAL FOR INCURABLES BURNS

LIVES OF 350 PATIENTS MENACED IN MONTREAL INSTITUTION LAST NIGHT

(By United Press)
Montreal, March 16.—Lives of 350 patients in the hospital for incurables were menaced when flames razed the structure during the night.

Attendants and nurses rescued every patient in the hospital without injury to any, while the fire completely destroyed the building causing damage estimated at nearly a million dollars.

The incurables were marshaled out and cared for by nuns who are in the care of the hospital and who took the rescued patients to the Grey nunnery nearby.

BLIZZARD IN FINAL SWEEP

BITTER NORTHWEST WIND CREATES HUGE DRIFTS IN CHICAGO, MERCURY FALLS

(By United Press)
Chicago, March 16.—The blizzard which has lashed the midwest through the week departed today after giving a final demonstration of its fury.

The mercury dropped as much as 30 degrees during the twelve hours from 7 p. m. Thursday to 7 a. m. Friday. A bitter northwest wind swept a heavy snowfall into almost horizontal sheets, creating huge drifts.

Transportation and communication lines were further demoralized. Many cities in Iowa and Nebraska were cut off from the outside world.

With the thermometer registering zero or lower, suffering among the poor in the large cities was intense. Rescue missions were crowded with unfortunates. Coal supplies were generally reported sufficient. The weather cleared today and forecasters declared the severe temperature would gradually moderate.

DEATH CAUSED BY SODIUM OF FLUORIDE

(By United Press)
Chicago, March 16.—Sodium of fluoride, one of the most deadly poisons known, caused the death of Anna Cummings, chemist, announced today after an examination of her body. The woman died Thursday two hours after taking medicine with which the poison was mixed. Anna's sister Mary died two months ago in a similar manner after taking medicine from the same bottle.

Authorities are unable to determine whether the poison was mixed with the medicine through accident.

HARDING REGIME IS HELD RECORD MAKER

Washington, March 16.—Achievements of the first two years of the present administration "challenge the record to produce another two years of accomplishments which will approach it," Senator Simeon D. Fess of Ohio declared in a statement. The record of accomplishment, he said, was "largely due to the teamwork of the administration, not only in the executive departments, but between the president and congress."

GRANTED DECREE IN DIVORCE SUIT

London, March 16.—The Honorable John Russell was today granted a decree in his divorce suit against his wife Christabel whom the court found guilty of misconduct with an unknown co-respondent.

DISTRICT SESSION HAS MEN FROM 3 COUNTIES PRESENT

RETAIL LUMBER TRADE UNDER DISCUSSION, PROSPECTS FOR BUSINESS

THIS EVENING 3 LOCAL LUMBER COMPANIES ARE HOSTS AT BANQUET

The district meeting of the Northwestern Lumbermen's Association is being held today at the Brainerd Civic & Commerce Association rooms.

This is an organization meeting, of what will be known as District No. 14 of this state, comprising Crow Wing, Cass and Wadena counties. Headquarters of the district will be maintained at Brainerd.

Representatives of all the retail lumber dealers in these counties are present and are all very enthusiastic about the new association, and the prospects for the coming season's business.

The first session began at two o'clock this afternoon, with William S. Badeaux, secretary of the state association, presiding. Business connected with the organizing of the district was transacted, officers elected, etc.

This evening, the three local lumberyards, viz. The Mahlum Lumber Co., the Lakeside Lumber Co., and the Standard Lumber Co., will be hosts to the visitors at a banquet held at the Ransford hotel. In addition to a fine menu, a very interesting program has been provided, which will include an address by President H. P. Dunn of the Brainerd Civic & Commerce Association and several numbers by the American Legion quartette.

PROSPERITY WAVE DUE IN AMERICA

Washington, March 16.—Proof that the United States is in a period of increasing prosperity was furnished today as reports from the federal tax commission districts revealed that income tax receipts yesterday were substantially greater than those of 1921.

Preliminary figures from all districts collected by treasury department officials and the United Press, disclosed increased tax receipts throughout the United States.

From the basis of incomplete returns, treasury officials estimated that the income tax receipts this year would exceed \$1,500,000,000. Experts figure that this means a net income to the federal tax payers of approximately \$20,000,000,000.

The total receipts yesterday may exceed \$425,000,000, an increase of 10 per cent over the returns last year. Of the amount expected this year, individuals probably will pay in excess of \$700,000,000 and corporations somewhat more than \$600,000,000, with back tax payments estimated at \$200,000,000.

HOSPITAL FOR INCURABLES BURNS

LIVES OF 350 PATIENTS MENACED IN MONTREAL INSTITUTION LAST NIGHT

(By United Press)
Montreal, March 16.—Lives of 350 patients in the hospital for incurables were menaced when flames raged the structure during the night.

Attendants and nurses rescued every patient in the hospital without injury to any, while the fire completely destroyed the building causing damage estimated at nearly a million dollars.

The incurables were marshaled out and cared for by nurses who are in the care of the hospital and who took the rescued patients to the Grey nunnery nearby.

BLIZZARD IN FINAL SWEEP

BITTER NORTHWEST WIND CREATES HUGE DRIFTS IN CHICAGO, MERCURY FALLS

(By United Press)
Chicago, March 16.—The blizzard which has lashed the midwest through the week departed today after giving a final demonstration of its fury.

The mercury dropped as much as 30 degrees during the twelve hours from 7 p. m. Thursday to 7 a. m. Friday. A bitter northwest wind swept a heavy snowfall into almost horizontal sheets, creating huge drifts.

Transportation and communication lines were further demoralized. Many cities in Iowa and Nebraska were cut off from the outside world.

With the thermometer registering zero or lower, suffering among the poor in the large cities was intense. Rescue missions were crowded with unfortunates. Coal supplies were generally reported sufficient. The weather cleared today and forecasters declared the severe temperature would gradually moderate.

WOMAN, 66, MARRIES DIVINITY STUDENT, 28

Louisville, Ky., March 16.—Mrs. Elizabeth Bickel, aged 66, was said to have surprised the family when her marriage to Rev. J. Remus Knight, aged 28, a divinity student still attending theological seminary, was announced.

ATHLETIC NATIONS NOT QUARRELSOME

Chicago, March 15.—Athletic nations are not militaristic, Major John L. Griffith, commissioner of athletics for the "Big Ten" Western conference, declared in an address prepared for delivery before the Rotary club of Chicago and guests representing every branch of athletics. "In fact," he continued, "the advisability of reducing our army to a pitifully small number and of abolishing the militia as proposed by Wisconsin may well be questioned, but as any rate enthusiasm for our fighting games has not made us quarrelsome."

"The United States and Great Britain, two great Anglo-Saxon nations that have shown a fondness for athletics, are not militaristic."

Make Good Fighters
At the same time he observed that "we may rightly claim that our fighting games are at least partly responsible for the improved fighting spirit of our people." He asserted that the self-governing nations of the world are the athletic nations, "because the people who learn on the playing field to play the game according to the rules acquire a capacity for self-government. The test of a republican government is whether the people can abide by their self-imposed laws. If you suggest to an Englishman that he do something not quite right, he will reply, 'That is not good cricket.' Our athletics are worth while because they establish laws of sportsmanship and of conduct which carry over into life."

"In athletics, if a college does not observe the conference rules, it is blacklisted, and if an athlete tries to evade the rules he is soon listed as a mucker and doesn't last."

Yanks Raise Average
As an illustration of the influence of athletics, Major Griffith said that before the Japanese-Russian war it had been estimated that no combat unit should advance after suffering 10 per cent in casualties, but that the Japanese raised the percentage to 12 per cent and the Americans at Chateau Thierry to 46 per cent.

Must Give Service.
The man who fails to render to society the service of which he is capable has no claim on it. Indeed, he forfeits all consideration from society and, for what he receives from it, becomes in the full meaning of the term a "subject for charity."

Compliments.
Compliments which we think are deserved, we accept only as debts, with indifference; but those which conscience informs us we do not merit we receive with the same gratitude that we do favors given away.—Goldsmith.

IF YOUR STOMACH ISN'T ACTING RIGHT BEGIN TAKING SALTS

Pimples Are Impurities Seeking an Outlet Through Skin Pores

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate; then the blood uses the skin pores as the next best means of getting rid of these impurities, which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of water each morning before breakfast for one week. This will help prevent the formation of toxins in the bowels, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant effervescent drink which usually helps make pimples disappear.—Adv.

Couldn't Love a Coward.
 I was about ten years old. My friend and I were walking home from school when a boy came along and pushed me so hard I fell. When I looked for my bean, thinking he was defending me, I saw him running home. My love ended for him right there.—Exchange.

Must Give Service.

The man who fails to render to society the service of which he is capable has no claim on it. Indeed, he forfeits all consideration from society and, for what he receives from it, becomes in the full meaning of the term a "subject for charity."

Compliments.

Compliments which we think are deserved, we accept only as debts, with indifference; but those which conscience informs us we do not merit we receive with the same gratitude that we do favors given away.—Goldsmith.

IF YOUR STOMACH ISN'T ACTING RIGHT BEGIN TAKING SALTS

Pimples Are Impurities Seeking an Outlet Through Skin Pores

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate; then the blood uses the skin pores as the next best means of getting rid of these impurities, which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of water each morning before breakfast for one week. This will help prevent the formation of toxins in the bowels. It also stimulates the kidneys, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant effervescent drink which usually helps make pimples disappear.—Adv.

Evening —

1ST CONGREGATIONAL CHURCH

Assisted by Ruth Bradley Swinnerton, Soprano, Also of Minneapolis

The new Moller pipe organ of the First Congregational church which will be opened with recitals today at 4:30 o'clock for children of the grades and high school pupils, and in the evening at 8:15 o'clock for adults, will not again be used in the services of the church until Palm Sunday.

W. S. MARSHALL
Pipe Organist Heard in Recitals at
1st Congregational Church
Today

After it is used on Palm Sunday it is expected that it will be in use in all of the services of the church. Music lovers will find great pleasure in listening to its remarkable range and tonal qualities when in the hands of the skillful organist engaged for this occasion.

The organ has been thoroughly tested and gives satisfaction to those who have knowledge of pipe organs. It has been accepted by the committee.

The recitals will be given by W. S. Marshall of the Gethsemane Episcopal church, Minneapolis, who will be assisted by Ruth Bradley Swinnerton, soprano, of the church. To conserve room in the evening, children will not be admitted unless they hold adult tickets.

CHICKEN COSTUMES

Sewing Department in Charge of Miss Grace Oberg Preparing for School Operetta

The high school is planning another performance at the New Park theatre soon after Easter. Students are working hard at the two plays that are to be given, one, an operetta entitled "Jack and the Beanstalk" under Miss Oberg's direction; the other, a two act playlet from Melsummer Night's Dream, in charge of Mr. White.

The operetta is to be acted by mostly grade students, with a few high school pupils for the more advanced roles. The play is entirely of high school people.

Perhaps the busiest person about the operetta preparations just now is Miss Grace Oberg, who is in charge of the costumes for the little children. The girls in sewing have been working at fairy costumes and airy outfits for the little chickens that are to dance around the stage, little downy balls of fluff of various colors. There are flowers of many hues and many, many more species; lovely things of every shade. The dress of the fairy queen is a thing of beauty, all white and shining and lovely, that will scintillate under the footlights. With it she carries a fairy wand.

All over the sewing rooms are costumes and flowers, which will be a big factor in the success of the evening. Then there are Bean Boy costumes in the making, so that when that contingent marches across the stage with their bean jars, you'll wonder whether they are advertising Heinz or Van Camp's.

The Athenians are to be costumed also, and that means more experiences for the girls.

BRAINERD HIGH SCHOOL

Added to 70 Odd Classes and Study Periods, There are Many Outside Activities

The high school is a busy place these days. In addition to the seventy odd classes and study periods in the assembly, there are many outside activities. The girls are playing basketball Mondays and Fridays. The boys play every time the girls aren't occupying the gym. This week there is a tournament on. Six games are to be played after school, two each night, to find out which

class is to be the winner and keep the coveted inter-class pennant. Last year the Seniors had to relinquish it after a mournful parade and speeches. This year it is a question as to which class gets it. Friday night the last games are played, and the decision is reached. The games are played after school, and everyone is cordially invited to attend. Following is the schedule:

Tuesday, Seniors vs Freshmen: Juniors vs Sophmores.
Wednesday, Seniors vs Sophmores: Freshmen vs Juniors.
Thursday, Freshmen vs Sophmores: Seniors vs Juniors.

ESSAY CONTEST

Launched in Brainerd by the Northwestern National Life Insurance Co.

An interesting prize essay contest has been launched in Brainerd by the Northwestern National Life Insurance Company, of which A. A. Gieriet is district agent.

"Why Daddy Should Buy a Life Insurance Policy," has been chosen as the subject, and prizes aggregating \$36 are being offered for the eight best essays on this theme. The money will be divided as follows: First prize, \$15, second prize \$10, third prize, \$5, fourth, \$2, fifth, sixth and seventh and eighth, one dollar each.

To be eligible for this contest, those participating must be children residing in Brainerd or vicinity, between the ages of nine and fourteen years, and must be attending school. The essay must contain not less than one hundred or more than four hundred words, and only one essay may be submitted by each contestant. The contest closes March 31st.

The judges will be Miss Islay McColl, Rev. O. S. Winther of the Bethlehem Lutheran church, Rev. Fred Errington of the First Congregational church, Attorney Mal Clark, Joseph Murphy and City Attorney, D. H. Fullerton.

The contest headquarters have

A BADLY MATCHED TEAM

AMERICA'S position today as it is related to European affairs, or unrelated to those affairs, is the result of the conference at Versailles hitching up the League of Nations with the peace treaty. Seldom has a team been so badly matched. The League of Nations represents an attempt to settle international questions without an appeal to force, or, in case force becomes necessary, by engaging a kind of international police force to carry out the will of the nations constituting the league. This splendid idea, however, was hitched up to one of the most disgusting treaties ever written. So objectionable was it to men who themselves sat in the conference that some of the world's best economists left the conference in disgust, resigning from their positions as servants of their governments. General Smuts, according to the story of Margaret Asquith, was so disgusted that when he returned to London he broke down and wept, because he saw the things for which the nations had said they were fighting repudiated by the leaders of the nations in the Versailles conference.

It was precisely because Americans were able to see that the team was a bad match that they refused to allow this nation to accept a League of Nations' plan that was hitched up with such an ungenerous and self-seeking treaty. Idealists in America were opposed to the league because it was a part of the peace treaty, and the more selfish American citizens, who wished to have this country keep to itself and apart from any of the dangers that might result from participation in world affairs, were consequently united with the idealists in preventing America from becoming involved in the disputes that might result from an attempt to enforce the provisions of the treaty of Versailles.

But the time has come when the league can be unhitched and led away from its staggering mate. America may ask that this be done and if the country follows the lead of President Harding this nation will not be tied up to the provisions of the treaty. By taking a place in the International court, the United States will be able to influence affairs mightily, and it is not at all necessary that the place be taken before the other nations have agreed that the International court be completely freed from any threat of disaster that may hang over it so long as it is an instrument to be used for enforcing the provisions of the treaty of Versailles.

Americans have not yet thought out their attitude to the League of Nations; what they did think about, in 1920 and since, was the League of Nations hitched up to the Versailles treaty, and appraising the team as badly matched, they refused to have anything to do with it. Americans couldn't see any hope of arriving at a destination behind such a team. America's attitude is not a reflection on America's sense of proportion. Americans know a team when they see one.

COUNTING THE COST OF ELECTIONS

WHILE the senate committee is investigating campaign expenses there is no reason why it should not go into the matter so thoroughly that the people will know just how much money is spent in deciding who shall represent them in the legislature. The more completely the task is done the more information the people will have. Having started the work it ought to be pushed until the state of Minnesota is advised as to how much good money is spent by all the various interests that are out to elect men whom they favor.

When Senator James A. Carley introduced his demand that an investigation be ordered, he expected to control the committee and to confine the investigation to the amount spent by the republican party in the last election. For this the senate would not stand, and the lieutenant governor was authorized by the senate to announce the personnel of the committee. The senate went further than this and expressed its wish that all parties be called upon to disclose their expenditures. In taking this position the senate was well advised. There is always a tendency for the opposition to forget that when it was in control it did the same things that it complains of when it is the minority party. It will be proved that this is nothing more than a matter of the pot calling the kettle black.

The committee will be doing what the people expect of it if it calls upon all parties and interests to open their books. The Farmer-Labor party, the Anti-saloon league and all other interests that are spending money to elect candidates favorable to legislation which they wish to see enacted should be compelled to disclose just how much money they expend in an effort to secure the election of the candidates they espouse.

MEDICAL SCIENCE WINS AGAIN

FOLLOWING close on the announcement that a serum has been found that will save many lives from a dread disease, that has been taking a high toll in human life, comes the news that another serum has been discovered by which tuberculosis can be detected in its earliest stages. Dr. August Wasserman, who has perfected this serum and experimented with it, has already won a high place through other experimentation that has been a boon to disease-stricken people. This further work of medical science has added to his reputation and will cause many to bless his name.

The gifts that science brings within the reach of people cannot be too highly appreciated. Every encouragement ought to be given to those who spend their lives in seeking to save the lives of others by perfecting means by which diseases may be detected and in finding cures for those diseases.

There are those who believe that the world is on the eve of still more startling discoveries of this kind, and that science will add years to the life span of men. If such a discovery is made it will be of great value, for when a man reaches the age when service begins, after completing his education, the length of his life is very restricted, and any extension of it, that would enable men to keep young in body for a number of years beyond the present limit, would release those contributions that such men would make from their large experience in world affairs. And, after all, science is nothing more than attending to natural laws and applying them. As men get to the root of the causes that bring evil

results in their train, they are enabled to eliminate those causes. Science does not ignore causes, it attacks them.

POLICE DEPARTMENT ALERT

CITIZENS who have watched the police department's record under the direction of Chief of Police Eric Graff, have been impressed by the serious attempt that the chief has made to give good service with a limited force.

One of the things often forgotten by critics of the department is the limitation of a department of such a few members. But, using the police who are under his direction to the best advantage, the chief has done well during his tenure of service as head of the department.

The good work of the department was brought to the attention of the public in a striking manner through the capture of a man who had held up one of our business men. Persistent effort was soon rewarded and within a few days the criminal was safely lodged in the county jail.

The chief of police is sincere in his effort to do all that he can through his department, and has won the appreciation of those who have estimated the difficulties he must face and the energetic attempt he has made to overcome them.

SENATOR BROOKHART, the senator who is different, does not believe in the idea that when one is in Rome one should do as Rome does. Recently, he was the only person at a dinner in New York who wore a business suit. All the others wore the clothes they were expected to wear. News' value lies in uniqueness, as the senator knows.

UNCLE JOE CANNON is cleaning up his old neighbors at cards. Washington may have made him proficient, or it may be an evidence of a misspent youth.

SENATOR LA FOLLETTE and the Standard Oil company don't get along very well.

Supreme Court to Review Case

Bismarck, N. D., March 13.—The story of Marie Wick's horrible death in a Fargo hotel in June 1921 as pieced together by circumstantial evidence and expert testimony will again be told in court. It was related at the preliminary hearing of William Gummer, now serving a life term in the state penitentiary and in more detail at the hearing which covered several weeks in Valley City where the evidence went on change of venue. The supreme court reviews the evidence tomorrow.

Attorneys for Gummer, night clerk at the hotel and twenty years of age, when the murder was committed, took an appeal charging evidence which should not have been considered was admitted.

Several boxes of mite evidence, including the bed clothing, rugs and other furnishings of the death chamber, and the brass nozzle with which the state says Marie's young life was beaten out, have been here for a couple of weeks.

Marie, daughter of Mr. and Mrs. Hans Wick, respectable farmers near Grygla, Minn., was away from home on her first vacation trip to a town in the interior of North Dakota and had to spend the night in Fargo. Fate directed her to the Prescott hotel.

Evidence showed that during the night she had been assaulted, gagged and strapped with her arms extended to the bed and left to lie there alone in terror in the strange hotel for three hours before the fiend who first attacked her returned to take her life.

After nearly a week of investigating the night clerk was arrested. The tragedy has marked the lives of her parents; the mother has become a silent brooding woman and the father, who testified at the trial sobbed in the witness chair as he told of saying goodbye to his daughter

when he put her on the train.

In the first trial of the case the jury voted Gummer guilty in the first ballot.

Valley City, N. D., March 13.—The second biennial young professional musicians' contest will be held here tomorrow under the auspices of the North Dakota Federation of Music clubs. E. H. Wilcox, head of the music department of the State University, will act as contest chairman. Prizes of \$50 will be awarded for first place in the different classes including piano, violin, male and female voice.

BOARD OF REGENTS DISPUTE DEADLOCKED

(By United Press)

St. Paul, March 16—The board of regents dispute in the legislature reached a deadlock today.

The senate refused to concur in house action yesterday and a committee of senators was named to confer with house members in an attempt to reach an agreement.

The house amended the senate bill yesterday and provided for ending the terms of all the present members of the board of regents and appointment of new members of each of the congressional districts.

Booth Tarkington's Famous Novel Delightfully Filmed in Sunny Italy

What is regarded as one of the most popular novels written by Booth Tarkington is "The Man From Home" and now, having reached the screen as a George Fitzmaurice Paramount production, it will be lived on the silver-sheet of the Lyceum theatre tonight and Saturday.

Booth Tarkington is an American novelist who has created many famous fictional characters. One recalls with delight his famous Penrod, who will take his place in history along with Mark Twain's Huck and Tom

One also has fond memories of his "The Gentleman from Indiana" and other equally memorable works, not the least among which is "The Man From Home".

WESLEY BARRY

Thrilling Film Features Wes Barry Wesley Barry, the lad of the many freckles and the smile that never wears off, is announced for an appearance at the New Park on Saturday and Sunday, where he will be seen in his latest picture, "Heroes of the Street".

In this Warner Brothers production Wesley is seen as a plucky boy whose bravery helps him do things at which his grown-up superiors fail.

He is cast in a role that gives him unusual opportunities to reveal a side of him that was not called out in his other pictures, "Penrod", "School Days" and "Rags to Riches". In them he was a mischief-loving, frolicking urchin always ready for a prank; here he is all this plus a new quality that will the more endear him to his many followers among the men, women and children of this city.

Put your faith in Kellogg's Bran—it relieves Chronic Constipation!

If you suffer with mild or chronic constipation, go after it relentlessly! Constipation has probably wrecked more lives than any one human ailment. It is the basis of many illnesses, leading even to such diseases as Bright's and diabetes. In its milder form constipation creates sick headaches, biliousness, dizziness, nausea, bad breath, pimples, etc. Kellogg's Bran is guaranteed to relieve constipation permanently if it is eaten regularly. Kellogg's is ALL BRAN—that's why it acts as nature's perfect sweeper, cleanser and purifier.

To safeguard your own health, to protect your family, serve Kellogg's Bran each day. As a constipation preventive or for mild cases, eat at least two tablespoonfuls daily. In chronic cases, as much with each meal. But keep at it persistently—beast con-

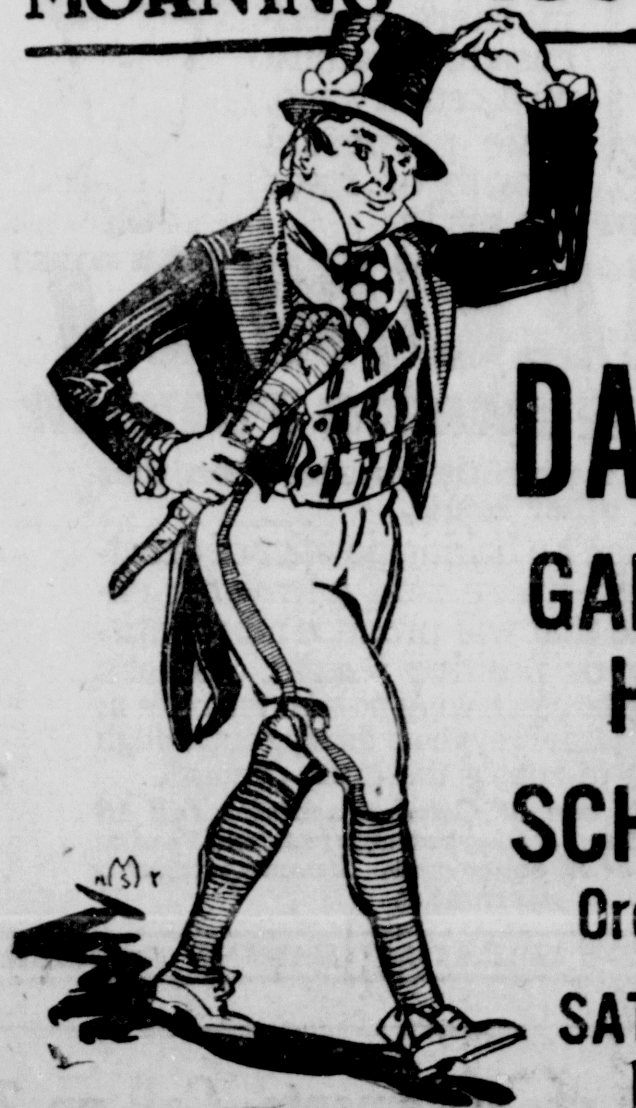

stipation with bran—nature's most wonderful food! And think how Kellogg's will free you all from the dangers of pills and cathartics!

Kellogg's Bran is a life sustainer and body-building food because it contains mineral salts and other food essentials, as well as being a natural relief from constipation!

Kellogg's is delicious in its nut-like flavor. It adds greatly to the taste of hot or cold cereals when sprinkled or mixed with them. Or, cook it with hot cereals, allowing two tablespoonfuls for each person. Kellogg's Bran makes very delicious muffins, raisin bread, etc.

Kellogg's Bran is served in leading hotels, clubs and restaurants in individual packages. All grocers sell it.

"A Good Advertiser Is a Safe Borrower"

UNDER the bank cashier's wicket every day pass thousands of dollars in loans to the manufacturers of America. They make automobiles or soap, adding machines or candy, talcum powder or furniture.

Why do these business men borrow large sums with confidence?

Because by persistent Advertising they have each created in the great buying public a demand for a particular automobile, a special brand of candy, a particular make of furniture.

They judge the future by the past. What advertising has done, it will do, and do increasingly. There is an inexhaustible fund of good-will for the advertised trademarked product. An idea is sold to the public and kept sold by well-planned reiterated Advertising.

BOARD OF REGENTS DISPUTE DEADLOCKED

(By United Press)
St. Paul, March 16—The board of regents dispute in the legislature reached a deadlock today.
The senate refused to concur in house action yesterday and a committee of senators was named to confer with house members in an attempt to reach an agreement.
The house amended the senate bill yesterday and provided for ending the terms of all the present members of the board of regents and appointment of new members of each of the congressional districts.

AMUSEMENTS

Booth Tarkington's Famous Novel
Delightfully Filmed in Sunny Italy
What is regarded as one of the most popular novels written by Booth Tarkington is "The Man From Home" and now, having reached the screen as a George Fitzmaurice Paramount production, it will be lived on the silver-sheet of the Lyceum theatre tonight and Saturday.
Booth Tarkington is an American novelist who has created many famous fictional characters. One recalls with delight his famous Penrod, who will take his place in history along with Mark Twain's Huck and Tom

One also has fond memories of his "The Gentleman from Indiana" and other equally memorable works, not the least among which is "The Man From Home".

James Kirkwood
in Paramount Picture
"The Man From Home"
A George Fitzmaurice Production

James Kirkwood, popular leading man has the leading role, and others in the cast are Anna Q. Nilsson, Norman Kerry, Dorothy Cumming and John Milner. The adaptation was made by Ouida Bergere.

"Bought and Paid For" at Lyceum Sunday

William de Mille's Paramount special, "Bought and Paid For," in which Agnes Ayres and Jack Holt are the featured players, will be presented at the Lyceum theatre Sunday and Monday. The picture is said to be one of great dramatic power and appeal. The supporting players include Walter Hiers, the fat comedian, Leah Wyant and others. The picture is adapted from the famous stage play by Geo. Broadhurst.

Weighty Babies.
Babies weighing 20 pounds at birth are by no means uncommon, and instances are recorded from time to time of this weight being exceeded, sometimes very considerably.

We Think So.
In France, women's gowns are considered works of art, and can be protected by copyright. But many gowns are merely slight decorations for nature's great work of art.

Investigating Committee
Reports Lack of Funds

St. Paul, March 15.—The state senate tomorrow will decide what to do about further investigation of Senator James A. Carley's charges of corrupt practices in the elections last fall.

The investigating committee is without funds to continue the investigation, and to subpoena witnesses. On motion of Senator C. H. Mackenzie, chairman of the committee, the senate voted to suspend all business at 11 a. m. tomorrow and to hear the report of the committee and to outline additional progress.

Senator Carley asserted he would oppose any attempt to "throw the sponge" on the investigation.

The Seeling Eye.

FAVOR CLOSED MODELS

This Style Favored by Spring Buyers of Cars, Said E. C. Bane of Bane Auto Co.

"The preference among the buyers in the automobile line is for closed models this spring," said E. C. Bane of the Bane Auto Co., who is staging an interesting automobile show at his display rooms on South Seventh Street.

Sixty percent of the visitors on Thursday, the first day of the exhibition, showed a decided inclination toward the closed car. Sport models followed second and regular open models brought up the rear.

Twelve different designs in Hudson Essex and Jewett automobiles are being shown, so that those in the market are given a wide range of choice in the matter of style and equipment. Included in these makes are sedans, coupes, coaches, sport and regular open models.

Many visited the display on Thursday, both afternoon and evening, and the number included many from the Range towns. Special lighting effects, both in the show rooms and on the street, were installed for the show, and adds materially to the general effect.

Mr. Bane expects visitors from outside points, including Aitkin, this afternoon and evening, and also on Saturday. The wide publicity given the event through the advertising columns of the Dispatch he holds responsible for the success of the show, and for the interest taken in it in the surrounding territory.

AT LEAGUE MEETING

Mrs. W. C. Cobb, Delegate to National Convention League of Women Voters

Mrs. W. C. Cobb of Brainerd, chairman of the sixth district of the League of Women Voters will attend the National meeting to be held at Des Moines, Iowa next month.

"Legislative Achievements and Objectives" and "Practical Politics in 1924" are two of the announced sessions, and a mass meeting will hear an address on "America's Responsibility for World Peace and How to Meet It."

IS HEAD STUFFED BY
CATARRH OR COLD?
USE HEALING CREAM

If your nostrils are clogged, your throat distressed, or your head is stuffed by nasty catarrh or a cold, apply a little pure, antiseptic, germ destroying cream into your nostrils. It penetrates through every air passage, soothing inflamed, swollen membranes and you get instant relief.

How good it feels. Your nostrils are open. Your head is clear. No more hawking, snuffling, dryness or struggling for breath. Get a small bottle of Ely's Cream Balm from any druggist. Colds and catarrh yield like magic. Don't stay stuffed up. Relief is sure.—Advt.

BRAINERD BANKER
DIED IN BERNE

Moose Lake, Minn., March 16.—Roy James Wernitz, 26, former Pallade and Brainerd banker, died in Berne, Switzerland, where he was a representative of Morris & Co., packers, according to a cablegram received by his father, Dr. J. O. Wernitz of Moose Lake.

Editorial Note—In a letter to Col. and Mrs. C. D. Johnson of Brainerd, Dr. Wernitz writes his son had been sick five days with a cold, when death came suddenly. They had expected him home to stay this summer. The body is being sent to Moose Lake and it will take about two weeks to arrive, but no exact funeral date can be set. It will be a Masonic funeral, as the deceased was a member of Minneapolis lodge No. 19.

Mr. Wernitz had many friends in Brainerd where for a time he was an assistant cashier of the Citizens State bank while it was under the direction of F. H. Simpson.

A Habit

A few short years ago a man with a family started a savings account with us, amounting to \$32.00. It became a habit, and at the expiration of seven years he had \$3,300.00 to his credit. He was more than grateful to us for the suggestion, as it established credit and gave him such a comfortable feeling. It is a very profitable habit, one we can conscientiously recommend for the whole family. It means competency for life and insurance against emergency.

Investigating Committee
Reports Lack of Funds

St. Paul, March 15.—The state senate tomorrow will decide what to do about further investigation of Senator James A. Carley's charges of corrupt practices in the elections last fall.

The investigating committee is without funds to continue the investigation, and to subpoena witnesses. On motion of Senator C. H. Mackenzie, chairman of the committee, the senate voted to suspend all business at 11 a. m. tomorrow and to hear the report of the committee and to outline additional progress.

Senator Carley asserted he would oppose any attempt to "throw the sponge" on the investigation.

FAVOR CLOSED MODELS

This Style Favored by Spring Buyers of Cars, Said E. C. Bane of Bane Auto Co.

"The preference among the buyers in the automobile line is for closed models this spring," said E. C. Bane of the Bane Auto Co., who is staging an interesting automobile show at his display rooms on South Seventh Street.

Sixty percent of the visitors on Thursday, the first day of the exhibition, showed a decided inclination toward the closed car. Sport models followed second and regular open models brought up the rear.

Twelve different designs in Hudson Essex and Jewett automobiles are being shown, so that those in the market are given a wide range of choice in the matter of style and equipment. Included in these makes are sedans, coupes, coaches, sport and regular open models.

Many visited the display on Thursday, both afternoon and evening, and the number included many from the Range towns. Special lighting effects, both in the show rooms and on the street, were installed for the show, and adds materially to the general effect.

Mr. Bane expects visitors from outside points, including Aitkin, this afternoon and evening, and also on Saturday. The wide publicity given the event through the advertising columns of the Dispatch he holds responsible for the success of the show, and for the interest taken in it in the surrounding territory.

AT LEAGUE MEETING

Mrs. W. C. Cobb, Delegate to National Convention League of Women Voters

Mrs. W. C. Cobb of Brainerd, chairman of the sixth district of the League of Women Voters will attend the National meeting to be held at Des Moines, Iowa next month.

"Legislative Achievements and Objectives" and "Practical Politics in 1924" are two of the announced sessions, and a mass meeting will hear an address on "America's Responsibility for World Peace and How to Meet It."

IS HEAD STUFFED BY
CATARRH OR COLD?
USE HEALING CREAM

If your nostrils are clogged, your throat distressed, or your head is stuffed by nasty catarrh or a cold, apply a little pure, antiseptic, germ destroying cream into your nostrils. It penetrates through every air passage, soothing inflamed, swollen membranes and you get instant relief.

How good it feels. Your nostrils are open. Your head is clear. No more hawking, snuffling, dryness or struggling for breath. Get a small bottle of Ely's Cream Balm from any druggist. Colds and catarrh yield like magic. Don't stay stuffed up. Relief is sure.—Advt.

BRAINERD BANKER
DIED IN BERNE

Moose Lake, Minn., March 16.—Roy James Wernitz, 26, former Pallade and Brainerd banker, died in Berne, Switzerland, where he was a representative of Morris & Co., packers, according to a cablegram received by his father, Dr. J. O. Wernitz of Moose Lake.

Editorial Note—In a letter to Col. and Mrs. C. D. Johnson of Brainerd, Dr. Wernitz writes his son had been sick five days with a cold, when death came suddenly. They had expected him home to stay this summer. The body is being sent to Moose Lake and it will take about two weeks to arrive, but no exact funeral date can be set. It will be a Masonic funeral, as the deceased was a member of Minneapolis lodge No. 19.

Mr. Wernitz had many friends in Brainerd where for a time he was an assistant cashier of the Citizens State bank while it was under the direction of F. H. Simpson.

STRENGTH SERVICE

A Habit

A few short years ago a man with a family started a savings account with us, amounting to \$32.00. It became a habit, and at the expiration of seven years he had \$3,300.00 to his credit. He was more than grateful to us for the suggestion, as it established credit and gave him such a comfortable feeling. It is a very profitable habit, one we can conscientiously recommend for the whole family. It means competency for life and insurance against emergency.

PRES. H. P. DUNN PRESIDING

Committees Having Matters En-
trusted to Them Report in
Detail

The Brainerd Civic & Commerce Association met Wednesday evening in a meeting signalized by dispatch with which the business was conducted. Pres. H. P. Dunn presided and kept the affairs of the club moving rapidly, so that the session was adjourned at nine o'clock.

County Highway Engineer Walter M. Murphy reported in behalf of the traffic committee and stated that the request of the committee was accepted by the county commissioners and that a resolution was sent to the representatives and senators from this district in legislature, relative to favoring the proposed bond issue for highway work.

Dr. W. A. Erickson, chairman of the municipal committee, reported that his committee attended the meeting of the city council, with regard to the A. A. White proposed gift to the city. The chairman of the council committee in charge of that particular item was not present, but it was the sense of the council that this gift be accepted as soon as a concrete understanding could be had between the parties concerned. Dr. Erickson's committee was instructed to follow up this matter.

The application of Harold Andrews was read, and on motion the rules were suspended and the secretary ordered to cast the unanimous vote of the association electing Mr. Andrews to membership.

President Dunn stated that the matter of junior memberships, which caused considerable discussion at the last meeting, had been referred to the board of directors, who in turn have referred to the entertainment committee with authority to act.

A communication was read from the United States Veteran's Bureau stating that they had about one hundred and fifty men who will be ready for placement training in the next sixty days. On motion this matter was referred to the educational committee for immediate consideration.

The communication from the State Forestry Service was read, in regard to planting trees along the highways of the state. These trees are furnished to civic associations free of cost, the only expense being transportation charges. The matter was favorably received by the association, and referred to the traffic committee.

President Dunn's letter to the Ford Motor company in regard to the Cuyuna range ore and its easy access to the Ford St. Paul plant, was read. This information was sent out early as soon as Henry Ford decided to build his plant at St. Paul.

The report of the inspectors on prevention of fires was referred to the committee from the association who acted as a reception committee, and who will visit the premises reported and give whatever help they can to remedying the fire hazards, especially in the business district.

W. R. Hiller called attention to the matter of financing the city band, if Brainerd is to receive the benefits from that organization this season. Andrew Anderson also spoke on this subject, explaining that the financial condition of the band is serious, and that the half-mill tax which they receive from the city each year is not sufficient to cover the expenses.

The residents of Brainerd who enjoy the weekly concerts are anxious that the band be continued, and President Dunn appointed a special committee, consisting of C. A. Albright, Hilding Swanson and Charles W. Hoffman to take this matter up and see if some solution to the trouble could not be found.

W. R. Dennis, of the firm of Dennis & Knowles, architects, of Fergus Falls, was a visitor at the meeting, and gave a short talk upon request of the chair. Mr. Dennis stated that the Brainerd club reminded him a great deal of his home commercial club, where community problems were threshed out and the interests of the city at large promoted.

ST. PATRICK'S DAY DANCE

Risberg's Orchestra to Play at Elk's Hall on Saturday Evening

One of the big features of St. Patrick's Day is always the dance which brings that holiday to a very fitting close. This year's program is no exception, and a dance will be given on Saturday evening at Elk's Hall, to which the public has been invited.

Risberg's orchestra will furnish the music, and has promised all who attend a real treat in the program which has been worked out.

The orchestra has been increased to six pieces, and special attention is called to the personnel. Julius Witham, better known as "Mitz" is home on a short vacation, and has consented to play the violin. Wm. F. Rodenkirchen on the cello, W. R. Hiller, the clarinet, Winfred Edling the saxophone, Louis Johnson the piano, and Oscar Risberg on the drums and xylophone completes the ensemble.

St. Patrick's day is the only time during Lent in which dancing is permissible, and it is expected that a great many will take advantage of this fact and attend the function on Saturday evening.

AT GARDNER HALL

Schuck's Orchestra to Dispense Sweet Music at Dance There on St. Patrick's Night

Gardner auditorium will be ablaze with light and a glad welcome on St. Patrick's day evening, when a big dance will be given, the music being furnished by Schuck's orchestra.

The committee in charge has worked indefatigably to make the event a great success and now on the eve of the occasion, is assured it will be a social event of considerable magnitude.

The floor is in excellent shape for dancing and the musicians promise numbers which will just set your feet to dancing.

PLEADS GUILTY; SARGENT SENTENCED

Herbert Sargent, alias John M. Cole, as he was known in Little Falls where he owned and occupied a small home, plead guilty to burglary in the third degree before Judge W. S. McClenahan Friday afternoon, and was given an indeterminate sentence of from one to ten years in the penitentiary at Stillwater.

A charge of second degree burglary had at first been entered against Sargent, but it was found that on such a charge, the defendant could not plead guilty until action had been taken by the grand jury at the next term of court, which will be in May.

To save this added expense and give Sargent an opportunity to file an application to the court to plead guilty, it was necessary to reduce the charge to third degree burglary. This was done, Sargent being only too glad to enter that plea. He is now anxious to be taken to Stillwater and begin serving his time.

He stated to Sheriff Reid that when he comes out of the penitentiary it will be as a changed man, that hereafter he intends to live a good Christian life.

This closes a case which has been watched with interest for the past week, when Sargent entered the George Ebinger store on Kindred Street and held up the proprietor, taking about \$50. Of this amount, the guilty man has voluntarily returned all that he still had of this money, \$42.38. Whatever property he owns, Sargent has given over to his younger brother.

Mr. Fred Errington Receives Sad News That His Death Resulted From Heart Failure

Mrs. Frederick Errington received a letter Thursday evening conveying the news that her father, Mathew Theaker, aged 75 years, had died at his home, Staithes, Yorkshire, England.

Heart failure is given as the cause of death, Mr. Theaker being stricken while sitting in a barber's chair, death resulting almost instantly.

Beside his wife, he survived by four children living in England and his daughter, Mrs. Errington, of Brainerd.

In Municipal Court

In municipal court Thursday afternoon, Thomas Verkennes, was bound over to the grand jury which convenes at the May term of the district court, charged with taking tools belonging to the Northern Pacific. Bail on this charge was set at \$100 and furnished.

Verkennes was previously bound over to the grand jury on a charge of taking coal from the railway company, on which he furnished bail of \$500.

Found guilty of maintaining a nuisance in having liquor in his possession, Verkennes was fined \$50, which he paid.

A bundle of new blankets was found by the police, on Kingwood Street, and is being held at headquarters for the owner. Housewives are requested to call and identify these blankets. It is thought that the bundle must have been lost from an automobile.

Cooper-Bahma

Risberg's orchestra will furnish the music, and has promised all who attend a real treat in the program which has been worked out.

The orchestra has been increased to six pieces, and special attention is called to the personnel. Julius Witham, better known as "Mitz" is home on a short vacation, and has consented to play the violin. Wm. F. Rodenkirchen on the cello, W. R. Hiller, the clarinet, Winfred Edling the saxophone, Louis Johnson the piano, and Oscar Risberg on the drums and xylophone completes the ensemble.

St. Patrick's day is the only time during Lent in which dancing is permissible, and it is expected that a great many will take advantage of this fact and attend the function on Saturday evening.

AT GARDNER HALL

**Schuck's Orchestra to Dispense Sweet
Music at Dance There on St.
Patrick's Night**

Gardner auditorium will be ablaze with light and a glad welcome on St. Patrick's day evening, when a big dance will be given, the music being furnished by Schuck's orchestra.

The committee in charge has worked indefatigably to make the event a great success and now on the eve of the occasion, is assured it will be a social event of considerable magnitude.

The floor is in excellent shape for dancing and the musicians promise numbers which will just set your feet to dancing.

ENTERTAIN "DISPATCH"

**Mr. and Mrs. Albert O. Anderson of
607 Third Avenue Give Dinner
at New Home**

When Mr. and Mrs. Albert O. Anderson decided to have a "house warming" at their new home, 607 Third Avenue Northeast, they invited the "Dispatch" force and they were all there Wednesday evening, partaking of a splendid dinner cooked and served by Mrs. Anderson.

At the head of the table sat F. W. Wieland, publisher of the Dispatch. The attendance filled the spacious dining room of the cosy bungalow. After dinner a social evening was enjoyed.

Royal Neighbors Dance

The Royal Neighbors will give a dance at the Elks hall Friday evening, April 6th. Music will be furnished by Hedstrom's four piece orchestra. Everybody welcome.

PLEADS GUILTY; SARGENT SENTENCED

Herbert Sargent, alias John M. Cole, as he was known in Little Falls where he owned and occupied a small home, plead guilty to burglary in the third degree before Judge W. S. McClenahan Friday afternoon, and was given an indeterminate sentence of from one to ten years in the penitentiary at Stillwater.

A charge of second degree burglary had at first been entered against Sargent, but it was found that on such a charge, the defendant could not plead guilty until action had been taken by the grand jury at the next term of court, which will be in May.

To save this added expense and give Sargent an opportunity to file an application to the court to plead guilty, it was necessary to reduce the charge to third degree burglary. This was done, Sargent being only too glad to enter that plea. He is now anxious to be taken to Stillwater and begin serving his time.

He stated to Sheriff Reid that when he comes out of the penitentiary it will be as a changed man, that hereafter he intends to live a good Christian life.

This closes a case which has been watched with interest for the past week, when Sargent entered the George Ebinger store on Kindred Street and held up the proprietor, taking about \$50. Of this amount, the guilty man has voluntarily returned all that he still had of this money, \$42.38. Whatever property he owns, Sargent has given over to his younger brother.

FATHER DIED IN ENGLAND

**Mr. Fred Errington Receives Sad
News That His Death Resulted
From Heart Failure**

Mrs. Frederick Errington received a letter Thursday evening conveying the news that her father, Mathew Theaker, aged 75 years, had died at his home, Staithe, Yorkshire, England.

Heart failure is given as the cause of death, Mr. Theaker being stricken while sitting in a barber's chair, death resulting almost instantly.

Beside his wife, he survived by four children living in England and his daughter, Mrs. Errington, of Brainerd.

In Municipal Court

In municipal court Thursday afternoon, Thomas Verkenes, was bound over to the grand jury which convenes at the May term of the district court, charged with taking tools belonging to the Northern Pacific. Bail on this charge was set at \$100 and furnished.

Verkenes was previously bound over to the grand jury on a charge of taking coal from the railway company, on which he furnished bail of \$500.

Found guilty of maintaining a nuisance in having liquor in his possession, Verkenes was fined \$50, which he paid.

A bundle of new blankets was found by the police, on Kingwood Street, and is being held at headquarters for the owner. Housewives are requested to call and identify these blankets. It is thought that the bundle must have been lost from an automobile.

Cooper-Bahma

On Thursday afternoon, Miss Grace E. Bahma and Walter H. Cooper, were united in marriage by Judge J. T. Sanborn.

The witnesses were Miss Helen D. Schelberg and Fred J. Reid.

The young couple will make their home in Brainerd.

MRS. MALLORY'S SUN NOT YET SET

By HENRY L. FARRELL
United Press Sports Editor

New York, March 16.—Laws of nature and the exaction of years will compel Mrs. Molla Mallory to step down some day from the throne she has been occupying as the queen of the American tennis court. That day may come soon and it may be delayed for years. In the case of Mrs. Mallory it depends mostly on the speed with which some youthful star will be developed. Physical deterioration should not bring to a premature termination her long reign as the best woman player in the United States, as she is far more rugged and is stronger than the average American-born girl. Possessed of the finesse and the repertoire of Mlle. Suzanne Lenglen, the "Marvelous Molla" might be able to hold her own even with the great Tilden. She is not only stronger than any other woman player in the country, but she has more endurance than Billy Johnston and a good many other men stars. Because Molla made such a poor showing in the early rounds of the Monte Carlo tournament is no just cause for organizing the funeral procession. It seems that she won and that ought to be the main thing. Molla has only one cause for worry, if she takes her title seriously, and that worry is Helen Wills, the California school girl marvel. Just as sure as anything is sure, little Helen is going to be the champion some day and if her developments in the next five years keeps apace with the past three years, she will be as good as the dashing Suzanne. "Little Wills" may not win the title this coming summer. She has a whale of a chance, but if it is not to be this year, it is not very far away.

When talking about his coming match with Jack Dempsey, which he insists is coming this summer, Joe Beckett, the champion knocked-out champion of England, was quoted in a London paper as saying: "Many people think it will be a walkover for Dempsey. They can have their own opinions. There is no man in the world I fear. When you measure us up physically, there is not much in it." If you can figure what Joey meant, bet on it.

CLAIMS BABE RUTH ASSAULTED HER

(By United Press)

New York, March 16.—Suit for \$50,000 was filed against Babe Ruth of the New York Yankees today by Miss Dolores Dixon, who charges the ball player assaulted her.

The complaint was lodged in the supreme court by Attorney George Feinberg in behalf of the girl. It alleges that the plaintiff is an unmarried woman and that during July and August, 1922, Ruth forcibly assaulted her. She is in a delicate condition and unable to attend her vocation and affairs, the complaint said.

The action was instituted by Miss Dixon through Barbara V. Escoe, her guardian ad litem. The defendant is named as George H. Ruth.

"Bee" Lawler Signs With St. Cloud Baseball Nine

St. Cloud, March 16.—Assurance that the 1923 St. Cloud baseball club will cover its season in good style is given by the management, which announced that, in addition to the signing of Bee Lawler, plenty of applications are on the manager's desk for consideration. Lawler probably will be placed at third.

A hitch appears to have arisen over the reported signing of Fred Wines of Glenwood. In a letter to a St. Cloud fan Wines said he would still consider a St. Cloud offer.

"Lefty" Henry's new battery mate, Frank Moore, has played with a number of teams in this state and last year was with Chisholm, where he was considered one of the best catchers in the range league.

Hoppe Retains Cue Title

New York, March 16.—Willie Hoppe still sits upon the billiard throne. By a score of 1,500 to 1,341, Hoppe vanquished his challenger, Jake Schaeffer, in the final block at the Hotel Pennsylvania, last night. The shooting produced some spotty billiards, from the brilliant to the indifferent. Schaeffer had a most remarkable run of 244 at one stage—the best of the match—and at this time his total was 1,242 against Hoppe's 1,262. But Hoppe then took the cue and ran off 113 and was safely in the lead. He never relinquished it to the end. His highest run of the night was 186.

HOUSE BILL WOULD LEGALIZE RACING

St. Paul, March 16.—Representative Guy E. Dilley, St. Paul, is out to legalize horse-racing and pari-mutuel betting.

He introduced a bill in the house last night that creates a "racing commission," and that makes pari-mutuel betting legal. Representative Dilley bespeaks the favor of Minnesotans on the grounds that this bill would tend to raise the standards of horse breeding in Minnesota, and that most of the breeders' associations in the state are in favor of the bill.

Anyway it goes to the house committee on general legislation. Representative Dilley is chairman of that committee. Representative T. J. Flahaven of Sauk Center introduced a bill to repeal the state boxing commission law, as already proposed by Senator C. H. Kelson.

Shipping Board Experts Inspect S. S. Leviathan; Reconditioning Nearly Finished

The Leviathan, second largest merchantman afloat, was hailed at Newport News by a multitude of experts who looked her over; her reconditioning is nearing completion, as the super-liner of the world. It was the first official inspection of the vessel by the shipping board. The former Vaterland is expected to be ready for delivery to the board early in May. Engineering experts conceded that the huge liner would readily make from 24 to 26 knots and endanger the record of the Mauretania.

TWO HARBORS KEEPS UP DIZZY PACE IN MEET

Kansas City, March 16.—Surprise marked the opening of the second round of the National A. A. U. basketball tournament here. The defeat of the Kansas State Teachers' college of Pittsburg, Kan., by the two Harbors All Stars, Two Harbors, Minn., 34 to 27, was entirely unexpected as was the defeat of the Kansas State Normal school, Emporia, Kan., by the Larry Semon A. C., Los Angeles, Calif., 40 to 33.

DEMPEY SURE OF BOUT WITH FIRPO

(By United Press)
Los Angeles, March 16.—Jack Dempsey today seemed to look upon his proposed bout in the Argentine with Luis Angelo Firpo for the world's heavyweight boxing title as an assured thing.

He confirmed reports that Jack Kearns, his manager, had practically agreed to the bout and added that he believes Tex Rickard "will probably promote the fight."

MRS. MALLORY'S SUN NOT YET SET

By HENRY L. FARRELL
United Press Sports Editor

New York, March 16.—Laws of nature and the exaction of years will compel Mrs. Molla Mallory to step down some day from the throne she has been occupying as the queen of the American tennis court. That day may come soon and it may be delayed for years. In the case of Mrs. Mallory it depends mostly on the speed with which some youthful star will be developed.

Physical deterioration should not bring to a premature termination her long reign as the best woman player in the United States, as she is far more rugged and is stronger than the average American-born girl. Possessed of the finesse and the repertoire of Mlle. Suzanne Lenglen, the "Marvelous Molla" might be able to hold her own even with the great Tilden. She is not only stronger than any other woman player in the country, but she has more endurance than Billy Johnston and a good many other men stars.

Because Molla made such a poor showing in the early rounds of the Monte Carlo tournament is no just cause for organizing the funeral procession. It seems that she won and that ought to be the main thing.

Molla has only one cause for worry, if she takes her title seriously, and that worry is Helen Wills, the California school girl marvel.

Just as sure as anything is sure, little Helen is going to be the champion some day and if her developments in the next five years keeps apace with the past three years, she will be as good as the dashing Suzanne.

"Little Wills" may not win the title this coming summer. She has a chance, but if it is not to be this year, it is not very far away.

When talking about his coming match with Jack Dempsey, which he insists is coming this summer, Joe Beckett, the champion knocked-out champion of England, was quoted in a London paper as saying:

"Many people think it will be a walkover for Dempsey. They can have their own opinions. There is no man in the world I fear. When you measure us up physically, there is not much in it."

If you can figure what Joey meant, bet on it.

CLAIMS BABE RUTH ASSAULTED HER

(By United Press)

New York, March 16.—Suit for \$50,000 was filed against Babe Ruth of the New York Yankees today by Miss Dolores Dixon, who charges the ball player assaulted her.

The complaint was lodged in the supreme court by Attorney George Feinberg in behalf of the girl. It alleges that the plaintiff is an unmarried woman and that during July and August, 1922, Ruth forcibly assaulted her. She is in a delicate condition and unable to attend her vocation and affairs, the complaint said.

The action was instituted by Miss Dixon through Barbara V. Escoc, her guardian ad litem.

The defendant is named as George H. Ruth.

"Bee" Lawler Signs With St. Cloud Baseball Nine

St. Cloud, March 16.—Assurance that the 1933 St. Cloud baseball club will cover its season in good style is given by the management, which announced that, in addition to the signing of Bee Lawler, plenty of applications are on the manager's desk for consideration. Lawler probably will be placed at third.

A hitch appears to have arisen over the reported signing of Fred Wines by Glenwood. In a letter to a St. Cloud fan Wines said he would still consider a St. Cloud offer.

"Lefty" Henry's new battery mate, Frank Moore, has played with a number of teams in this state and last year was with Chisholm, where he was considered one of the best catchers in the range league.

Hoppe Retains Cue Title

New York, March 16.—Willie Hoppe still sits upon the billiard throne.

By a score of 1,500 to 1,341, Hoppe vanquished his challenger, Jake Schaeffer, in the final block at the Hotel Pennsylvania, last night.

The shooting produced some spotty billiards, from the brilliant to the indifferent. Schaeffer had a most remarkable run of 244 at one stage—the best of the match—and at this time his total was 1,242 against Hoppe's 1,262. But Hoppe then took the cue and ran off 113 and was safely in the lead. He never relinquished it to the end. His highest run of the night was 185.

Fata Morgana Mirage.

The mirage which is often seen at the straits of Messina is known as the Fata Morgana, because it was thought to have been the work of a fairy of that name. In Arthurian legend, Morgan la Fay was the sister of Arthur.

HOUSE BILL WOULD LEGALIZE RACING

St. Paul, March 16.—Representative Guy E. Dilley, St. Paul, is out to legalize horse-racing and pari-mutuel betting.

He introduced a bill in the house last night that creates a "racing commission," and that makes pari-mutuel betting legal. Representative Dilley bespeaks the favor of Minnesotans on the grounds that this bill would tend to raise the standards of horse breeding in Minnesota, and that most of the breeders' associations in the state are in favor of the bill.

Anyway it goes to the house committee on general legislation. Representative Dilley is chairman of that committee.

Representative T. J. Flahaven of Sank Center introduced a bill to repeal the state boxing commission law, as already proposed by Senator C. H. Kelson.

The first iron railroad was laid in England in 1767.

PERFECTING YANKS

New Orleans, March 16.—The Yanks have reached a point in their training where they are almost ready to start the season, Manager Huggins said today. The American league champions have two fine outfielding prospects in Tucker and Hendricks, and Huggins may keep one of them.

TWO HARBORS KEEPS UP DIZZY PACE IN MEET

Kansas City, March 16.—Surprise marked the opening of the second round of the National A. A. U. basketball tournament here. The defeat of the Kansas State Teachers' college of Pittsburg, Kan., by the two Harbors All Stars, Two Harbors, Minn., 34 to 27, was entirely unexpected as was the defeat of the Kansas State Normal school, Emporia, Kan., by the Larry Simon A. C., Los Angeles, Calif., 40 to 33.

DEMPEY SURE OF BOUT WITH FIRPO

(By United Press)

Los Angeles, March 16.—Jack Dempsey today seemed to look upon his proposed bout in the Argentine with Luis Angelo Firpo for the world's heavyweight boxing title as an assured thing.

He confirmed reports that Jack Kearns, his manager, had practically agreed to the bout and added that he believes Tex Rickard "will probably promote the fight."

Shipping Board Experts Inspect S. S. Leviathan; Reconditioning Nearly Finished

The Leviathan, second largest merchantman afloat, was hailed at Newport News by a multitude of experts who looked her over; her reconditioning is nearing completion, as the super-liner of the world. It was the first official inspection of the vessel by the shipping board. The former Vaterland is expected to be ready for delivery to the board early in May. Engineering experts conceded that the huge liner would readily make from 24 to 26 knots and endanger the record of the Mauretania.
